

JUSTIN RAMOS

Graphics Designer

Profile

I'm Justin Ramos, a creative storyteller who spent 7 weeks with Cooley Comics building original characters, comic book ideas, music, and pitch presentations. I used tools like ChatGPT, MidJourney, Adobe, and Suno to bring my ideas to life across visuals and sound. Every week, I challenged myself to think bigger, blending writing, design, and imagination to tell stories that really mean something.

Program Experience

Software Used:

- ChatGPT
- MidJourney
- Adobe Creative Cloud
- Suno
- Google Docs
- Google Slides

Skills Developed:

- Creative writing and storytelling
